When the Nerves Cry

Look to the Tea and Coffee

The cry may be in some of many ways—Trembling, Sleepy in the day time (comes from stomach), Headache, Dyspepsia, Bowel Trouble, Heart Palpitation, and even Pains in various parts of the body originate in a disordered nervous system. Such a condition of the nerves may be procured from various causes. It is very often brought on by Tea and Coffee.

If you don't heed the cry (Nature's hint) you may be sure the trouble will get worse, and not better, until you either quit the cause, or you develop fixed organic disease that may carry you down.

It is the finest trade possible, to quit tea and coffee and observe the result.

Health is the most exquisite fun on earth.

It is easy to quit tea or coffee when you have choice, well-made.

POSTUM

A delicious hot beverage with a deep seal brown color which changes to a rich golden brown when cream is added. Then you have the crisp "snappy" flavour all its own. The nerves are relieved of the old hurt of the poisonous "Caffeine" of tea and coffee and in its place you feed the system on the strong food elements in Postum which help to quickly rebuild the worn out and exhausted nerve and brain cells destroyed by tea and coffee.

These are facts. Prove them by 10 days' trial.

SCHOOL TEACHER, And Coffee Drinking.

Many good people are loth to give up tea and coffee, even though they admit they are doing them harm, because they fear that nothing else in the way of a hot beverage will satisfy them. A school teacher says:

"I always enjoyed coffee for breakfast. The day seemed lost without it. But in time I began to experience bad results from its use. 'Tea is just an injurious because it contains the same drug-caffeine—found in coffee.' I grew very nervous and lost sleep and finally was prostrated by a complete nervous breakdown. Then I was compelled to abandon the use of coffee."

"I adopted Postum as my hot beverage at breakfast. Have been using it for more than two years. The system is restored and I am able to take an interest in life once more."

"My whole family, children and all, drink Postum, and are all happy and healthy as a result. It is to us a delicious drink, delicious and tempting and with none of the harmful effects that usually followed the use of coffee."

The whole family of Jara and M. who, after being treated for Postum, gave up the use of coffee. Name given by Canadian Postum food the little book, "The Road to Wellville," in page.

ATTEMPT AT ROBBERY

COLLECTORS ARE SUCCESSFUL

The Edmonton branch of the Canadian Bible Society, auxiliary to the British and Foreign Bible Society, met on Saturday afternoon at 2 o'clock for a short time ago by circulating letters to a few hundred of its friends. The representatives who waited on them between Jan. 15 and 20, to receive their contributions to its funds. According to this announcement a number of contributions were at work part of last week and met with very good success. A very few letters came at the time but no one was found unwilling to make a contribution to the society which is interdenominational in character, whose aim is to place the scriptures in the hands of every man in his own tongue and whose operations gratify the state.

In order that the total contribution for the year may correspond with the population and wealth of the city \$2,000 is being aimed at in the canvass and it is hoped by the auxiliary that by Thursday night of this week this amount will either be in hand or at least assured. It would be an excellent worthy work and rapidly becoming a great educational center.

WITH EVANGELIST BROWN

On Saturday evening Evangelist Brown gave an address at the Y.M.C.A. No Sunday, McNaughton church had two record breaking sessions. The afternoon meeting was the largest ever held in the church. At the evening service the audience overflowed into the empty choir seats and a number went away being unable to get in.

Mr. Brown's comment on the "crowd was 'Christ said, 'If I be lifted up I will draw all men.' You do not need a great staff of men, but a host of so-called special workers. You just need Christ."

In the afternoon Mr. Brown told the story of his conversion. He laid out the secret of his life. In the evening his subject was the commandment: "Thou shalt love thy neighbor." A striking story was that of Miss Howe, a prima donna of a decade ago. Some heard for the first time that this singer at the courts of Rome and the city of a U.S. senator had found what the evangelist called "The end of the worship of pleasure." Her conversion was made to him a few years ago.

During the day about twenty persons handed in their names as an expression of their desire to live a reformed life.

It is understood that the Salvation Army band will assist in some of the meetings this week. Rev. Mr. Hushon was absent in the afternoon, attending a meeting of the trustees of Alberta University.

SOCIALISTS NOT GAINING

Recent Results in the German Elections Do Not Turn Out As They Were Expected.

Berlin, Jan. 21.—Seventy-eight republicans in the Reichstag elections were held today. The returns indicate that the Socialists are not gaining as expected. The Socialists participated in 48 of the 96 seats, which they carried only eight. At this rate they will hardly reach thirty seats in the Reichstag. They were counted in five constituencies, losing among others fifteen to Count von Pomeroy-Worster, the former imperial secretary of state for the interior, who was the candidate of all the other parties.

The Republic put up a stout defense and elected 17 members, winning eight districts, chiefly from the Conservatives, and losing only one.

London, Jan. 21.—The long talk of amalgamation of the Socialists in England and Ireland with the London General Council has been carried through. The proposed union of the two organizations will be completed as soon as the shareholders of the various councils have agreed to the terms provisionally agreed upon by their respective executives.

Winnipeg, Jan. 19.—W. J. Hamilton of Moose Jaw was arrested tonight on a charge of forgery and passing bad checks for \$100 and \$500 and the value of a mail case from the Hotel Hudson.

BURGLARS STEAL SAFE FROM NORWOOD STORE

It is Taken Daily From the Building, Carried to the Outside of the City and Plundered of \$200 Which is Contained.

The second daring robbery within a week in Edmonton took place some time Saturday night or Sunday morning. This time the scene of operation was chosen was the butcher shop of Richard Mead, 408 Norwood Boulevard. A safe weighing in the neighborhood of a thousand pounds was carried bodily out of the back store. After it had been removed to a safe distance from the city the burglars broke in the door and removed some three hundred dollars in cash which it contained.

The manner in which the burglary was carried out would indicate it as one of the most daring there in the city. At the same time it would appear to have been the work of amateurs rather than professionals as a great deal of noise was made in its execution.

The last-mentioned noise which appears to be inflicting the city at present attracting the police considerably. The theory is that the theft of Saturday night was committed by the same party which carried in the week before into the premises of the City Transfer company and the second-hand store of St. Andrew's at First street.

Police Men Chase. The police have good cause, however, to be on the alert for the perpetrators of Saturday night's burglary and it is probable that they will be in the vicinity of the store in the morning to the belief that at least three or probably more were concerned in the theft. The thieves were seen to make a break in the back door, which was almost split in two. Falling to gain entrance in this manner the burglars broke in the door at the rear of the store from the inside. The safe was then carried out into the back yard.

NO DECISION YET IN THE WATERWAYS CASE

Discontinuance Was Discussed at Meeting of the Cabinet on Saturday But Finding Was Not Announced.

Ottawa, Jan. 21.—It was stated at the conclusion of Saturday's cabinet meeting by Treasurer Borden that the government was not yet ready to make an announcement as to its action in reference to the application for the discontinuance of the Alberta North-Western railway legislation of the Alberta government.

Friday next is the last day in which the legislation can be disallowed, so that a decision must be reached shortly. The government has given absolutely no indication as to its intention in the matter, but amongst those who have been keeping in touch with the matter it is said to be unlikely that the act will be disallowed, although some action may be taken looking to the protection of those who have claims against the provincial government.
